comparison chart

## Six Month Smiles®

## Clear Aligners

6 Month average treatment time.

12+ Month average treatment time.

Generally less expensive than aligners.\*  
see our [cost calculator](#)

Generally more expensive.\*

Broad range of tooth movement can be achieved.

More extensive movements are difficult to achieve.  
(rotating teeth, moving teeth up and downs)

Working 24/7.

Only work when you wear them.

No need to worry about losing your aligners.

More likely to lose aligners, which cost more to be replaced.

*\*Cost can vary depending on specific treatment goals.*

# SIX MONTH SMILES® VS. CLEAR ALIGNERS (Invisalign®)

Six Month Smiles® and Clear Aligners are both alternative options you have instead of wearing traditional metal braces for 2 years. However, **Six Month Smiles can often be more effective and generally less expensive.**

FAQ

Find A Dentist

# FAQ

## Straight teeth in 6 months? How?

A. Our clear braces are safe, comfortable, and provide quick results. Using proven techniques and materials, the braces have been specifically designed for adults with crooked, spaced, or misaligned teeth.

## How much does it cost?

A. Visit [SixMonthSmiles.com/Cost](https://SixMonthSmiles.com/Cost) to estimate your monthly payment. While the cost is generally less expensive than traditional braces and aligners, the cost varies depending on specific treatment goals.

## Will dental insurance cover the cost?

A. Your dental insurance may cover limited orthodontic treatment, such as Six Month Smiles. Details should be reviewed with your dentist's office.

## Are retainers required?

A. Yes, as with all orthodontic treatment, a retainer is necessary to maintain the new, straight position of your teeth. There are a variety of retainer options you can choose from depending on your personal preference and situation.

## Is there a catch?

A. There's no catch! If you are an adult patient with crooked, spaced, or misaligned teeth, then this could be a fantastic option for you! ***Ask your dentist today if you are a candidate.***

## Does everyone really finish in 6 months?

A. 6 Months is the average treatment time. Most patients finish around 6 Months, but treatment times may range from 4-9 months.
